We need 3 microphone stands for the three vocal microphones and 6-7 monitors.

Lights

We like mystical lighting moods with lots of blue, purple and white tones. We also like contrasts like turquoise and orange, for example. We prefer some washed colors over Green and generally very bright colors. For the melancholic mood we also love some Haze. Thank you! <3

Food

We are easy to please, we would love to have some snacks (salty and sweet) and drinks backstage. With mate, water without for on stage, prosecco or vodka and a few beers, you can make us very happy.

Regarding food, someone is vegi, the rest omni. Gladly without cilantro and celery.
